## DALER ROWNEY

Welcome to our Art and Craft Catalogue for Education your one-stop destination for top-quality, budget-friendly art and craft materials that ignite imagination and foster learning!

The impact of art and craft education on a child's cognitive, motor, and social-emotional development cannot be overstated. Bearing this in mind, our catalogue presents an extensive array of products specifically designed to empower educators in delivering immersive, hands-on learning experiences for their pupils.

Spanning from vibrant paints and versatile brushes to modelling clay and whimsical wiggly eyes, our catalogue boasts an impressive selection of art and craft essentials suitable for all age groups and abilities. Crafted from premium materials, our products are safe, non-toxic, and user-friendly

Recognising the need for cost-effective, functional, and adaptable art and craft materials, we offer a diverse range of competitively priced products that are ideal for classrooms. after-school clubs, and home learning settings.

Our mission is to equip educators and teachers with the tools necessary to nurture creativity, curiosity, and innovation in their students. As you explore our catalogue, we hope you discover the perfect art and craft supplies to help enrich your teaching and spark your pupils' artistic ingenuity!

#### Early Years & Primary | PAGE 2

The first section of our Art and Craft Catalogue for Education is tailored specifically for early years and primary school years.

During childhood, art serves not only as a medium for creating beautiful expressions but also as a platform for exploring imagination, nurturing creativity, and honing essential skills like hand-eye coordination, fine motor dexterity, and problem-solving. At this crucial stage, it is vital to provide access to premium art materials that empower young learners to express themselves freely and develop their artistic talents.

Our catalogue presents a diverse array of art supplies suitable for children across all age groups, ranging from crayons and coloured pencils to paints and modelling clay. Each product has been meticulously selected to ensure safety, non-toxicity, and user-friendliness. Our offerings also feature a vast selection of vibrant colours, inspiring children to experiment with various hues and craft artwork that captures their unique personalities.

Whether the young learner is an aspiring Picasso or merely beginning to unlock their creative potential, our art products are crafted to inspire and embolden their artistic journey.

#### Secondary & Further Education | PAGE 102

The second section of our Art and Craft Catalogue for Education is meticulously designed for secondary and further education students passionate about art and eager to delve into their creativity.

At this stage in their artistic journey, students aspire to hone their skills, experiment with novel techniques and materials, and cultivate their own distinctive style. Our catalogue presents an extensive selection of top-quality art supplies tailored to meet their needs and help elevate their artistry to new heights.

Featuring oil paints and acrylics, charcoal and pastels, our products are thoughtfully curated to ensure they adhere to the highest standards of quality and safety. We recognise that secondary school students are seeking more challenging endeavours, and our offerings are perfectly suited for those eager to tackle intricate projects and explore the depths of their creativity.

#### Display Products | PAGE 202

The third section gathers together all display papers and border rolls, expertly crafted to assist educators and teachers in creating captivating and visually appealing classroom displays.

Display paper rolls and border rolls are indispensable resources for any educational setting. They boast versatility, durability, and a diverse range of colours and patterns, making them the ideal foundation for classroom displays, bulletin boards, and presentations.

Our catalogue showcases an extensive variety of display paper rolls and border rolls, encompassing solid colours, patterned designs, and seasonal themes. Our products are fashioned from top-quality materials, ensuring ease of use and longevity.

Whether you aim to create a vibrant display to exhibit student work, add a striking border to a bulletin board, or adorn your space for a special occasion, our display paper and border rolls offer the perfect solution. They are simple to cut and customise, providing a polished finish to any display.

## Giotto be-bè Large Crayons

Much more than a wax crayon, Giotto be-bè Large Crayons are soft and easy to use, their extra-large shape makes them easy for little hands to grip. Designed and produced in Italy, they are also fun to play with thanks to their shape that always brings a smile. For children from the age of two, these crayons can be sharpened with the sharpener included in the pack.

- Super washable large crayons
- Ideal for young children
- Hard to break
- Dermatologically tested

### Giotto Cera Wax Crayons

Excellent quality wax makes these crayons easy to use and perfect for all colouring techniques, including scraperboards or rubbings. Round and individually colour-wrapped, Giotto Cera crayons have been designed to be easily washable from hands, fabrics and non-porous surfaces. The school packs give you a huge number of crayons, with 12 assorted colours, all vivid, rich and bright.

- Soft and colourful colours
- Ideal for young children
- Superwashable
- Standard size, Ø 8.5mm

## Giotto Cera Maxi Wax Crayons

Giotto Cera has been transformed into Giotto Cera Maxi. The colours are rich and vivid, and thanks to their bigger size are even easier to grip and spread. They are perfect for all colouring techniques, including scraperboards, and are easily washable from hands, fabrics and non-porous surfaces. Same quality but bigger size.

- Soft and colourful colours
- Ideal for young children

**# LYRA** 

Laquered pencils particularly suitable for younger artists and left-handers. Chunky coloured pencil, length 12cm, 10mm diameter, triangular shape. Finding the correct grip ('three-point grip') is made super easy, allowing hours of tireless drawing. Wood-sealed end. Highly pigmented, extra thick, break-resistant lead, Ø 6.25mm.

- The pencil with the biggest lead 6.25mm
- Suitable for all age groups
- User-friendly comfort grip
- Super soft lead with high color brilliance
- Made in Germany

## Lyra Super Ferby Metallic Pencils

Giant triangular coloured pencil in wood. Body diameter: 10mm. Body length: 17.5cm. Painted to be the same colour as the lead. Easy to achieve the right grip, meaning you can draw for hours without your hands becoming tired. High concentration of pigments, extra-resistant 6.25mm diameter lead. Lead contains metallic colours which are even visible on black or coloured cardboard.

- The pencil with the biggest lead 6.25mm
- Suitable for all age groups
- User-friendly comfort grip Super soft lead with high color brilliance
- Made in Germany

#### Scola Chubbi Paint Markers

Perfect alternative to conventional ready mixed paint. A quality paint that is more convenient than a conventional brush. No mess and non spill that covers large areas quickly.

- It does not dry out when the cap is off
- Quick drying
- Easy to store
- Easy to grip for small hands or anyone

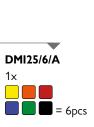

### Scola Marbling Ink

Ready to use marbling oil based ink to create beautiful unique marbled patterns. Ideal first product to experiment with marbling techniques. Drop the ink onto a tray of clean water, blow and swirl the ink and then lay the paper onto the surface and gently remove.

- Easy to use straight from the dropper bottle, no additive needed
- Oil based
- Full easy to follow instructions on the pack
- Protect clothes and furnishings Available in sets of 6 assorted colours
- Wheat and gluten free

## Giotto be-bè My 1st Glue

Water based. Solvent free. Dermatologically tested. Fun green colour, which dries completely clear. Easily spreads onto paper, fabric and card.

- Superwashable transparent liquid glue
- Bio PET Bottle
- Vegetable based liquid glue
- Available in 1 litre size

F466300	My 1st Glue	Bottle	1рс	1litre	6
Code					Min

#### Giotto Glue Stick

Sticks of glue are ideal for all precision work on cardboard, paper and photographic papers. The clip-on cap keeps the stick clean and safe. Child-friendly.

- Solvent free
- Ideal for pencil cases
- Washable from skin

**GIOTTO** 

Multipurpose glue. Very rich in adhesive agent. Fast-drying. Suitable for paper, cardboard, Bristol board, wood, ceramic, balsa wood, felt and other materials. Used at school or around the office. Remove stains and smudges before completely dry (rinse fabrics in cold water).

- Solvent free
- Ideal for school
- Washable from skin

Giotto Vinilik Duo is the new practical tube of double-tipped vinyl glue: one for precision and one brush tip. In addition, the 35 ml pocket size allows you to always keep it close to hand. Vinilik is the ideal glue for all types of work. It dries quickly and once dry, becomes transparent. Suitable for paper, cardboard, wood, ceramics, cloth and other small materials used at school and in the office. Wipe off any stains before complete drying (wet the fabric thoroughly with cold water to remove the glue). Solvent-free water based formula.

GIOTTO

- Precision tip at one end,
- brush tip at the other • Transparent when dry
- Strong, fast-drying glue

## Scola Casting Powder

A fine casting powder which is suitable for producing moulded figures from latex or other suitable mould. Mixing is simple, just add water and mix to a creamy consistency. The setting time is approximately forty minutes, at which time the mould can be removed. The model should be thoroughly dry before painting.

- Suitable for casting and moulding
- Quick and easy to use
- Mixing instructions on the bag
- Finished pieces can be painted or varnished

#### Scola Student Acrylic

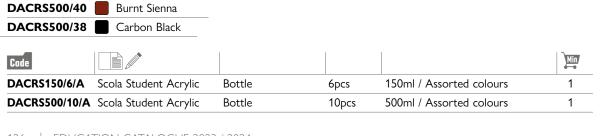

An excellent entry level product to explore painting with acrylic.

- Thick and creamy consistency which allows easy use of a palette knife for impasto work • Retains brush strokes to facilitate mixing and blending
- Good open time
- Semi gloss finish
- Can be thinned for water colour techniques and dry brushing
- Wheat and gluten free

#### Scolamelt Acrylic

High quality water based acrylic that gives a molten metal sheen when applied. Can be used on ceramics, masks, paper and card.

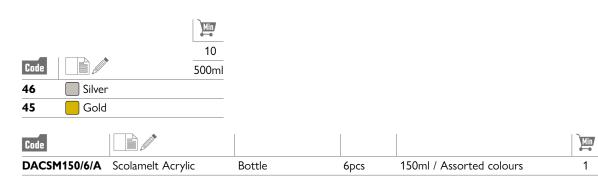

Ideal for stencilling and sponging. Clothing and work surfaces should be protected as the paint can stain.

- Smooth and vibrant colours
- Fully inter-mixable
- Can be used to paint ceramics, wood and stone
- Wheat and gluten free
- Can be thinned for water colour techniques and dry brushing
- Wheat and gluten free

#### Aquafine Gouache Opaque Watercolour

Essential colours of 15ml Aquafine highly pigmented gouache opaque watercolours.

- Excellent lightfastness, 3 to 4 stars to help prevent fading and colour change
- Aquafine Gouache are fully intermixable with Aquafine Watercolours and Aquafine Inks as they are using the same fine arts pigments, and therefore great for mixed media techniques
- Offers great performance and control and intense colours that can be watered down to the preferred opacity
- Colours of exceptional quality ideal for professional artists and art students
- Made in the UK

#### Designers' Gouache Professional

Professional Designers' Gouache is a brilliant opaque artists' quality body colour, developed for professional designers working on illustrations for graphic reproduction.

- High quality pigment
- Excellent covering power and intermixable (11 colours offering 4\*)
- Fine flowing texture
- Great tinting strength
- Resistant to smudge and eraser
- Made in the UK

#### Scola Image Transfer Medium

Scola Image Transfer Medium allows you to quickly and easily transfer images and text from paper onto any washable fabric. Simply coat the paper with transfer medium, press the paper on to the fabric and leave it to dry. Once dry remove the paper, eaving the image on the fabric.

- Transfer printed or photocopied images and text from paper to fabric
- Available in 500ml
- Full instructions on the bottle

#### Scola Fabric Medium

Scola Fabric Medium can convert almost any paint into a fabric paint – simply mix in, paint on and iron to fix. Mix in equal proportions with ready mixed, acrylic or fluorescent and you are ready to paint, sponge, print and stencil onto fabric.

- Heat fix onto fabrics for permanent results
- Colours remain bright when dry

#### Scola Marven PVA Glue

Marven Water Based PVA Medium is a superb craft and painting medium. Dries to a completely flexible, almost transparent finish, ideal for modelling, mixing, glazing or as a strong adhesive on porous material. Can be mixed with any colour pigment without loss of brilliance when dry. As an economy measure, it can be diluted to form a lightweight adhesive and it forms a transparent glaze when dry. Also renders difficult surfaces suitable for painting and strengthens card and paper in model making.

- Washable when both wet and dry
- Dries to a clear finish
- Phthalate, wheat and gluten-free formula

### System3 Acrylic Screen Printing Mediums

System3 Screen and Textile Printing Medium turns System3 Acrylic paint into rich and vibrant screen printing inks which are perfect for use on paper, card and board. This water-soluble printing mediums slows the drying time of acrylics, allowing them to be easily washed out of a screen.

- Slows down on-screen drying
- Reduces the risk of screen blocking
- Retains density of colour and gives a strong definition
- Water-soluble
- Solvent-free

Adigraf Block Printing Handle & 4 Lino Cutters

Adigraf Block Printing accessories are a perfect starting point for artists and students looking to experiment with lino and block printing.

• Good quality handle and cutters

• Various sizes and shapes

• Ideal for student and beginner printmakers Adigraf Soft Cut Printing Plate

For beginners, we recommend starting with the green easy-cutting plates out of rubber. They are softer, easier to cut and can be easily divided with scissors. However, the details will be less sharp than

using our professional lino plates.

D188100002

Scola Artprint Water-based **Block Printing Paints** 

Water based highly pigmented with an opaque finish which allows for overpainting. All colours are inter-mixable and lightfast. They are easy to clean as they are water based.

- Excellent tack
- Good transfer from roller to paper
- Drying time depends on room temperature and thickness of application
- Use with woodcut blocks, lino and quick print
- Smooth even laydown of colour
- Wheat and gluten free
- Made in the UK

#### System3 Acrylic Paper

System3 Acrylic Paper is a high-quality acrylic surface featuring a texture which recreates the random weave of linen. Ideal for use with all acrylic colours and mediums, the acrylic paper is a perfect surface to both practice and develop techniques as well as for finished works.

- Acid-free paper
- Available in FSC® (FSC-C111372) certified 230g/m² paper pads
- Linen texture surface
- Ideal for use with System3 colours and other acrylics
- Made in the UK

#### Georgian Oil Paper

Georgian Oil Textured Paper Pad is ideal for use with oil paints and oil pastels as it has the same texture as linen canvas.

- 290g/m<sup>2</sup> acid free, FSC<sup>®</sup> (FSC-C111372) certified, natural white paper that is able to absorb the oil evenly while maintaining the brightness, intensity and shine of the colours
- Linen textured surface that is stiff and bulky which makes it capable of supporting impasto work
- Oustanding quality that makes it perfect for professional artists and art students alike
- Made in France

#### **CANVAS**

Every artist stretched canvas from Daler-Rowney is crafted from 100% cotton with a medium grain finish and is available in several weights, such as 250g/m² and 350g/m².

From a large blank stretched canvas to a small square canvas, you'll find varying-sized canvases to suit the specifications needed.

#### FW Mixed Media Canvas

FW Mixed Media rigid canvases feature a rigid surface, ideal for pouring and other techniques requiring a perfectly flat canvas. The traditional wooden frame construction is supplemented by the addition of a rigid board at the top face, beneath the canvas fabric. Triple primed and ready for use, the fabric itself is acid free with a medium grain texture.

#### Scola Air Drying Clay

Children can enjoy the experience of using clay with no need for the expense or safety issues of a kiln. Dries hard when exposed to air. Projects that are not finished in one session can be kept moist by covering with a damp cloth and gently wrapped in cling film.

- A natural product, mined in the UK
- Can be moulded, shaped and stretched
- Use with modelling tools and textured plates
- Can be used to understand the basic concepts of wet and dry, hard and soft
- Dried models can be painted and sealed with a strong PVA or varnish
- Available with and without nylon fibres
- Wheat and gluten free

#### Scola White Stoneware Clay

A body of selected low iron clay giving a light fired colour providing an ideal background for more decorative stoneware. The high content of ball clay with added fine washed sand give an excellent smooth body.

- Contains 10% 40/90 grade sand
- Ideal for throwing
- Firing: 1240 1280°C

#### Scola Buff Smooth Clay

A very plastic general purpose clay, excellent for throwing and modelling. A developed body, based on highly refractory fire clays and grog additives, giving a high resistance to warping and cracking.

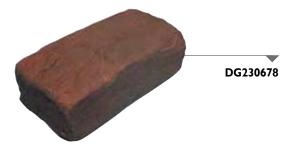

- Fires to a light grey with a smooth texture
- Firing: 1140 1260°C

#### Scola Firing Clay Terracota

A red terracotta body, based on a blend of Etruria marls. Highly plastic for throwing, handling and casting. Fires to a medium red becoming darker with increased temperature.

- Smooth texture
- Firing: 1060 1160°C

#### Scola White Earthenware Clay

A very plastic white earthenware body which throws quite easily on the wheel. Ball clay based, wide firing range, good green strength.

- Vitrification point: 1200 1269°C
- Firing: 1100 1220°C

#### **TECHNICAL INFORMATION**

Package content, colour formulas and the accessories contained in this catalogue are subject to change without prior notice. No consideration will be taken of any complaint concerning presumed damages allegedly caused to by a defective material because our responsibility is limited solely to replacing it should the defect be objectively proven. Products presented in this catalogue are not to scale, please see dimensions.

The colours in the tables are the closest match that can be achieved with the limitations of 4 colour reproduction and are therefore an indication of the actual colour.

The technical limitations of this type of printing do not permit the perfect chromatic reproduction of colours, which is why Daler-Rowney provides hand-painted colour charts for reference in store that guarantee tint fidelity.

#### Terms & Conditions

Terms and conditions of sales apply for all products shown. Terms and conditions are provided in the  $\,$ regional product listing and are available as well with your sales representative.
